

Brownsville Safety Alliance: Situation Table

What is a Situation Table?

The Situation Table's mission is to provide clients with complex needs and elevated risk, critical time interventions in an effort to reduce a crisis.

How does it work?

Community partners case conference each situation to identify the appropriate services in response to the needs of the client.

The lead agency engages and coordinates identified clients and develops a plan of action to address immediate and short-term needs.

Types of Cases

We specialize in working on cases that are too complicated for one agency to resolve on their own.

Agencies Involved

The Situation Table is currently accepting referrals from Brownsville!

If you have identified an individual or family who may need assistance from multiple agencies, or if you have any questions, please contact:

BSAmailbox@iclinc.net
Toya Parker: (646) 385-2160
Bridgette Melvin: (646) 319-3665

What is the BSA?

The Brownsville Safety Alliance launched in 2020 to pursue community-led public safety innovations.

Frequently Asked Questions:

How do I refer a case to the Situation Table?

Agencies with potential cases can email BSAmailbox@iclinc.net or contact Toya Parker, 646.385.2160 or Bridgette Melvin, 646.319.3665 to receive assistance with completing the intake forms and obtaining client consent.

How long does it take to resolve a Situation Table case?

Table members will engage the client within 24 to 48 hours to develop a plan of action. The goal is to mitigate challenges and connect the person or family to longer-term services within 1-2 weeks.

Can I attend a Situation Table Meeting?

Depending on the nature of the case, the referring agency may be asked to present at the next Table gathering. Otherwise, the table is kept small to enhance client confidentiality.

Can I refer clients to the Situation Table more than once?

Yes, if the client has a new issue or the earlier challenges have re-emerged, the client can be presented as a new case in need of a coordinated response.

How do I know if a case is right for the Situation Table?

The individual or family will be facing complex challenges that your agency alone cannot fully address. The best cases involve a recent event that has significantly increased the risk of crisis if stabilizing services are not provided.

What if my case is not selected for the Situation Table?

Some cases may be sent back to the referring agency for connection to a single service or provider. This will typically occur when the Table members do not perceive an elevated risk of crisis.
